Calvary Temple Early Childhood Learning Center recognizes each child as a precious and unique gift from God. We believe education is an extension of the home, and early childhood instruction must address the spiritual, cognitive, social, emotional, and physical needs of each child in a developmentally appropriate way. Our curriculum follows the Pennsylvania Standards for Early Childhood Education.

We believe our teachers must be committed not only to academic excellence and life-long learning, but also to demonstrating and continually growing in their walk with the Lord.

**“The teachers at Calvary Temple truly care about our children and their experience at the day care. This is hard to find at other centers”**

— CTECLC Parent

We believe parents are an integral component in their child's education, and should therefore, be totally committed to and wholly supportive of our philosophy and objectives.
